*note: number reflects clinic visits only (all sites excluding emergency room visits)

The list is ranked by the number of physicians in the group as of November 1, 2007. Some companies that may have qualified for this list may not have responded by deadline. Information from the 2006, and from other public sources, was used for those companies. The list is researched by Jennifer Daniel Szymanski, jenszymanski@ameritech.net.
